Work undertaken outside the voluntary sector

Research and evaluation of parenting services as part of the development of a new Parenting Services Commissioning Strategy for a local authority
Feasibility study for developing an advocacy-related social enterprise
Third sector adviser for Train to Gain
Currently training as an Ofsted inspector for Learning and Skills

Geographical area covered

I am happy to travel anywhere within the UK.

Work experience

I have over 25 years' senior and Chief Executive Officer experience of user-focused, social and rights-based work at a national and regional level. My work has focused on developing and managing all aspects of projects with a wide spectrum of client groups including young people, offenders, people with learning disability, users of mental health services and older people.

Consultancy work has included developing and writing fundraising bids; grants assessment; evaluations of management training courses, grant applications, national advocacy pilot scheme for a major charity and parenting services; developing business plans; social enterprise development; policy work for the Voluntary Sector Forum and training needs community cohesion/impact interviews.
