Specialisms

- Governance training and support for Trustee Boards and Chief Executives
- Facilitation of strategic planning days, team building and development sessions, and away days
- External evaluation of services and projects, and advice and practical support in setting up evaluation systems
- Support on organisational development and the management of change, particularly consortium and partnership development for commissioning, collaborative working, and exploring and approaching merger
- Good employment practice, including policies, procedures and recruitment
- Research assignments

Geographical area

Most of my work is in the South West and South Wales, though I'm prepared to work elsewhere providing I'm reimbursed for my expenses.

Work experience

I have over 20 years' experience in the voluntary and community sector in a variety of paid and unpaid roles. I became an independent consultant in 2000, and since then have worked with a wide range of clients in the fields of advice, children and young people's services, infrastructure support, health and social care, older people, disability, faith, and community development.

I occasionally undertake contracts for the statutory sector where this fits with my interests.

Other information

My voluntary work has included: 4 years as Chair of the South West Regional Committee of the Community Fund (now the Big Lottery Fund), 2 years as Vice-Chair of Governors in a large FE College, and Non-Executive Director on a number of Partnership Boards. I am currently a Trustee of a regional grant-making charity. I hold a Masters Degree in Management and Social Responsibility, and am a Member of the Institute for Learning.
